Now in its 46th year, Summerfest is a premier arts festival that draws thousands of visitors to the breathtaking foothills of the Rocky Mountains. Taking place July 18th and 19th, this beloved event features gallery-quality fine art and fine crafts selected through a competitive jury process.

In addition to its vibrant art marketplace, Summerfest offers live music, a children's craft area, a cocktail garden, and an enticing array of food trucks, creating a truly unforgettable community experience. Hosted by the Center for the Arts Evergreen, a non-profit organization, Summerfest is more than an event—it's our largest fundraiser, directly supporting year-round art education and programming.

As a sponsor, you'll align with a trusted community institution while gaining valuable visibility among an art-loving, engaged audience. Your support helps us keep art alive in our community and create opportunities for all to connect through creativity.
